

A Brief History

In midyear of 1999 to 2000, a group of Christian friends under the direction of Pastor E. Shadrach Deline and his wife Blandy Deline began a weekly Bible study group at their home in Doraville. Pastor Deline was determined to be obedient to God. He taught them boldly and without compromise and the word of God began to move beyond the four corners of his home. The initial Bible study group of six friends grew to fifteen people in less than a month. To accommodate the sudden growth, Pastor Deline gave up part of the space behind his beauty supply store. He also initiated the idea of the direction that God was leading him. Several confirmations to Pastor a church was apparent. Inspired by what God showed him, Pastor Deline accepted the call and approved the most befitting name (Nation of Christ- Believers Fellowship Center) and scripture from God. 1 Peter 2:9

What began as a small Bible study group, was now a congregation that responded in faith to the call of Pastor Deline and the group united to carry out God's mission. Under the humble leadership of Pastor Deline, the Lord began to mold and shape this new church body into His perfect will.

New ministries and programs were born, including the Lazarus House and Pastor Deline realized the need for a bigger sanctuary and accomplished this vision by closing his beauty supply business and turning all of the twenty-four hundred square feet space into God's house, and eventually moving into a 10,000 square feet space in Tucker and finally to Dacula - the Promised Land!

At NOC, our mission is to continue building GOD'S kingdom by being a blessing not only to ourselves but to others. We believe that our vision is a shared vision, problems crumble from shared efforts, but shared success is often the sweetest and the yes, the fun will come in arriving there.

As we continue to meet our mandate, our goal each anniversary year is to fund raise towards kingdom building. As we all know, God is always at work behind the scenes and as His faithful servants we intend to make this promise come to pass with the help our family of friends and our circle of well wishers.

On behalf of His humble servant our under-shepherd, Pastor Deline, who actively seeks God's vision for the Ministry, together we say thank you Lord, advancing the work in your kingdom continues on the promised Land!

Amen.
